EHS College Fair September 23rd

EHS Juniors and Seniors (and their parents) are invited to attend the Erie High School College Fair on Wednesday, September 23rd (1-2 p.m.) in the main gym. Forty-six colleges and universities will be present.

What Makes EHS Unique?

Parents & Students:

It only takes a few minutes to walk into a school and get a feel for the climate of the building. As educators, we are aware of the power of expressing a warm and friendly demeanor to students, parents, and visitors at Erie High School. My hope is that parents and visitors notice this warmth and friendliness when they visit EHS.

Strong school climate is integral to the pursuit of excellence at Erie High School. In our staff meetings we discuss the importance of smiles, personal greetings, and building relationships with students and families. Last week during daily announcements I shared with our students the pride we take in creating a friendly and welcoming school climate at Erie High School.

As EHS grows, we continue to emphasize the ways in which educators and students strengthen school climate and culture. For example, every classroom has a "Tiger Stripes" poster detailing the expectations for character and good conduct. First on the list is to "Be respectful of yourself and other human beings." This message is simple yet powerful. Every day I see students living out that message in classrooms and hallways. I am proud of them because it is the right thing to do and it is the foundation of the academic, artistic, and athletic success we experience at EHS.

As always, thank you for your support of Erie High School and GO TIGERS!

Sincerely,

--Matt Buchler

Principal

Dance in the Main Gym

10/15/15: ACT Practice
Day *Late start for seniors

10/16/16: No School

ST. VRAIN VALLEY SCHOOLS

academic excellence by design

This year we have committed ourselves to asking this simple question: Is what we are doing in the classroom as academically rigorous and intellectually stimulating as possible for students? This question will guide our continued efforts to be the best educators possible and to prepare students for success at EHS and beyond.

DigitalGlobe Forges Strong Partnership with EHS

The students in Erie High School's Academy of Engineering and Aerospace are benefiting from the strong partnerships being developed with engineering and aerospace firms on the Front Range.

Last week our engineering students were photographed during a flyover by DigitalGlobe's WorldView-2 satellite. WorldView-2 is one of the most sophisticated satellites in the world. We will have these images up in the school soon, so be sure to stop by and see them.

We are planning additional cutting edge learning opportunities for our students in the near future with DigitalGlobe.

Special thanks to Mr. Grover Wray, Senior Vice President, and Mr. David Cummings, IT Delivery Manager, for bringing these outstanding learning opportunities to the students of Erie High School.
