August 13th, 2021

Dear Erie High School Parents & Students:

Thank you for your partnership as we near the start of a new school year. We look forward to welcoming our students back to Erie High School next week. As you finalize your back-to-school plans, please note there is ongoing construction on County Road 5 between Erie Parkway and County Road 10. Our school administration, district operations team, and district leadership are working with the Town of Erie to minimize disturbances to daily routines and ensure smooth drop-off and pick-up times for our families.

For next week only, construction will result in lane shifts for northbound traffic along County Road 5 in front of Erie High School and Soaring Heights PK-8. Entryways to both schools and all crosswalks will remain open. There will be additional traffic supervision on site to support our families during drop-off and pick-up times. Please plan for minor delays and adjust your arrival time to 7:15 a.m. for next week. [Click here to view a map of the construction area that will impact our schools.](#)

Thank you for your patience as the Town of Erie works to improve County Road 5 to a four lane road.

There will be additional construction work near Country Road 10 in September and I will continue to update you as new information becomes available. If you have any questions about these adjustments, please visit the Town of Erie online for additional information. This is an exciting time for Erie High School as we prepare for the 2021-2022 school year and I want to thank you for your support as we continue to advance student learning and academic growth.

Take care and **GO TIGERS!**

Sincerely,

Matt Buchler, Principal
