Community Service Contract 2022-23

If I am accepted as a member of the Erie High School Chapter of the National Art Honor Society I understand that one of the major tenets of the organization involves service to the community.

I also understand that by becoming a member I am agreeing that I will complete 15 hours of community service according to the guidelines of the EHS NAHS organization. These guidelines indicate that these hours will be for someone other than family members or friends, and I may not use volunteer hours done for another organization at Erie High School. The hours must also include a minimum of 5 in-school hours, and must be completed by April 20th of 2023.

I understand that if I choose not to complete these hours of service, or if these hours are not fully completed by April 20th of 2023, I forfeit my membership in the Erie High School Chapter of the National Art Honor Society.

I further understand that I must attend all regular meetings, I must maintain at least a 3.0 cumulative gpa, maintain a B or higher in my art classes, as well as pay a \$20 induction fee/annual dues. I understand that if I miss more than two meetings without valid reason I may forfeit my membership.
