Who is the Erie High School Foundation?

Our board of directors is made up of a very diverse group of students, staff, parents and community members. All directors have direct ties to the community or EHS by either having children in school or that have graduated from EHS. Our student board members serve for a one year term starting as juniors and end their service in January of senior year.

Who does our organization benefit?

Students, Staff and Alumni!

The organization was founded to assist those with dreams of higher education. This includes current seniors and alumni of Erie High School. We also consider students who may have not graduated that may need assistance in getting back into school or with other educational opportunities.

Most of all, we believe in preparing a road map for their continuing education.

Get Involved!

Erie's very own: Our sons, daughters and neighborhood kids. The young ones we have loved and raised into fine young adults. We are extremely proud of them. They are ready to accept the challenge of higher education. They are dreamers, driven, and determined to succeed but they need our help.

-Dave Sullivan, Founder of EHSEF

The largest assistance needed is funding. Each year our applicants grow and so do their dreams. The EHSEF works diligently to ensure that we can help all students who show Dreams, Drive, and Determination.

All scholarship contributions are tax deductible and go directly to the Erie High School Education Foundation, a 501(c)(3) non-profit organization for scholarship distribution.
