LA410 Production Theater	MU167A & 167B Women's Ensemble	MU164A & 164B Select Choir/Topaz

The courses listed on the 9th Grade Course Selection Sheet are the courses you can take. Be sure to read the descriptions of classes in our Course Catalog so that you select courses carefully.

When reading the course descriptions: 1) be sure to look at the grades that the course is open to; you can only take classes designated for 9th graders, 2) look at the fees per class, *especially AP fees due in the spring*, 3) see if the course is one or two semesters, 4) look if there is a prerequisite, for example, you must have taken Beginning Guitar before Guitar 2, and 5) see if an application or audition required. Classes that require an audition or application can be chosen as an Alternate.

Choosing the correct **CORE CLASSES** for your freshman:

- You will select an English class: English 9 or Honors English 9
- You will select a Social Studies class: World Geo/History or AP Human Geo
- You will select a Science class: Biology or Honors Biology
- **Your current Math teacher should recommend your math class. We do not have a placement test.**

Choosing **Electives** for your freshman:

- Health & 2 semesters of Study Hall (all year) are requirements for all freshman and will automatically be placed on your requests.
- We highly recommend that your student take Core PE in 9th grade. If your student is an athlete, you can choose Ironworks.
- World Language is considered an elective. (FYI - most colleges/universities want 3 consecutive years of a foreign language.) We offer Spanish and Chinese; classes are two semesters (all year) long.
 - If you have successfully passed Spanish 1 or Mandarin Chinese 1 with a C grade or above in middle school, we recommend you start with Spanish 2 or Chinese 2 in high school.
- ~~There are classes at CDC and the Innovation Center, (located in Longmont, bussing is provided from EHS) that are open to freshman. Check the Erie Counseling website for links to these opportunities: www.eriehighcounseling.com Do not choose CDC classes as an Alternate because CDC classes are filled several months before the semester begins.~~

You must pick 16 classes total (all-year classes count as 2). Students will be placed into the core classes that you request but you may not get all of your requested electives - this is why Alternates are important! Your Alternates are your **second** choices for electives. Counselors often use these to finalize schedules. There are LIMITED schedule changes. Please choose your classes wisely.
