Erie Football Parents and Community,

I first want to say thank you for all of the support that you have given me through this transition. I know that this is a very difficult time for everyone because of the great connections and community that Coach Cooper and his staff have made. I can assure you that we will continue to create those connections with everyone as we set up the EHS football staff. I am excited to be a part of such an excellent community and can't wait to get a chance to meet everyone!

I have had the pleasure of coaching high school football for 20 years now and have been a head coach for the past 14 years. I truly have loved every minute of what I do! I have been very blessed to have had great coaches and athletes along the way which has led to many successes for these teams. I believe that athletics, and football specifically, are great tools for our young people to develop in many areas, including discipline, teamwork, sacrifice, sportsmanship and a championship mentality on and off the field.

I understand the high expectations of excellence that are already in place in this community and we will embrace those expectations and always strive to represent this community in a first-class manner! Our number one goal is to help young people become better citizens so that they will become successful spouses and parents some day. Secondly, we will compete to be the best!! The connections we create with everyone will lead us directly to competing at a championship level in all that we do!

I understand the sacrifice that parents make for their athletes to be successful and respect each and every one of you for that. I hope to also demonstrate that this staff cares about each and every one of these student athletes and wants the very best for all of them. Together we can and will make Erie High School the envy of the state of Colorado!

I am honored to be the Head Football Coach at Erie and can't wait to get to work with all of the great people. As a program, we will attack everyday with a championship mentality and continue to make this community proud!!

Go Tigers!!

Jeff Giger
