

## DEPARTMENT OF ATHLETICS, ACTIVITIES, & FINE ARTS

### St. Vrain Valley Schools Activities and Athletics Guidelines (revised May 21st, 2020)

Thank you for your continued partnership and support during this challenging time for our community and with your teams. Throughout our response to the coronavirus pandemic, St. Vrain has consistently followed the direction of the Governor's Office and our local, county, and state health departments. Toward this end, the purpose of this document is to provide guidelines and structure for how to proceed with athletics and activities. Following the Boulder County Public Health Safer-at-Home guidance, these procedures are effective June 1.

#### Music/Activities:

- No sanctioned St. Vrain activities and/or music groups may gather on or off St. Vrain Valley facilities
- Music Directors are allowed to have virtual meetings
  - All meetings must remain optional/voluntary
  - Optional activities can be given to all students
  - Directors cannot promote group gatherings for the meeting(s) or gatherings of any kind

#### Athletics:

- St. Vrain's Athletic facilities will remain closed through June 30
- No sanctioned St. Vrain activities and/or athletics may gather on or off St Vrain Valley facilities
- Coaches can continue to meet with teams virtually
  - Every meeting must be optional/voluntary
    - Virtual meetings can include instruction and scheme discussions
  - Coaches cannot promote group gatherings for the meeting(s) or gatherings of any kind
  - Coaches can offer optional/voluntary workouts for kids to complete on their own, not in groups
    - Workouts cannot be directing student-athletes to complete their workouts at the high school facilities. For example, we cannot say: "go to the high school and complete 5 quarter mile sprints on the track." Workouts are to be done on their own, and in their own space. High School facilities will not be available.

Thank you for your patience and work during this pandemic response. We know that these are challenging times, however, we could not be more proud of how our entire system has come together to support one another. **While these are our plans at this time, we continue to monitor this quickly evolving situation in partnership with our state and county health agency partners, and will keep you informed of any additional changes.** If you have questions concerning the above information, please contact your building athletic director.

Sincerely,

Chase McBride  
Executive Director of Activities, Athletics, Fine Arts, PE & Health
